CITY OF CALDWELL PRESS RELEASE

DATE: September 7, 2023

The City of Caldwell and Parks and Recreation would like to invite the community to the ribbon cutting for our new outdoor pickleball courts in Luby Park (1200 N. Kimball Avenue). The event will take place on September 12 at 10 a.m.

The installation of these courts demonstrates that there is a growing passion for this sport in Caldwell and beyond. The courts began construction in September of 2022. There are eight courts at Luby Park.

The first tournament on the courts will take place on September 16. The proceeds from this tournament will go toward court lighting.

“As the fastest-growing sport in America, I am beyond excited to have this wonderful addition to our great community. This only adds to the allure of what Caldwell is becoming and will attract more visitors to our wonderful community. We look to this as a catalyst for future improvements and facilities within our community. I invite everyone in the valley to come to take a look at our new pickleball facility and to visit our wonderful downtown as well while they are here visiting Caldwell,” said Mayor Jarom Wagoner.

Pickleball was invented in the 1960's as a leisurely competitive pastime, the game is a combination of badminton, tennis, and Ping-Pong that has increased in popularity in recent years among participants both young and old.
