## City of Caldwell Kicking off the Comprehensive Plan Update

Caldwell is revising its Comprehensive Plan to plan for changes and growth in the City over the next 20 years. Over the next 16 months, the City invites the public to provide feedback and ideas to guide this new Comprehensive Plan.

Kicking off this engagement process in November, the City invites the community to participate in one-on-one or small-group conversations and online engagement with the planning team. Participants will discuss and provide feedback about the issues and opportunities facing the City, as well as start to identify shared values and priorities for the future. This is also an opportunity for the public to express where the project team should be engaging the public, how this engagement should be used, and on which topics they need to glean information.

The one-on-one or small group listening sessions will be held virtually or via phone for convenience. Participants may sign up for a time through the project website or directly through this link:  
<https://doodle.com/meeting/participate/id/eEPWpWkd>.

---

**What:** Caldwell Comprehensive Plan Listening Sessions

---

**When:** November 13<sup>th</sup> – December 1<sup>st</sup> (various time options)
